

WASTE COLLECTION CALENDAR 2024

Let's **RETHINK REDUCE REUSE RECYCLE**

Cabonne Council's waste services are helping to save valuable resources from landfill.

The general waste bin with the red lid is collected **WEEKLY**.

The recycling bin with the yellow lid is collected **FORTNIGHTLY**.

By utilising the recycling and general waste services correctly, you are reducing the amount of garbage going to landfill, saving landfill space as well as reducing the production of greenhouse gases that are produced when garbage breaks down in landfill. When you recycle correctly, these materials are then used to produce new items which save these valuable resources from being buried in landfill and lost forever.
